	UNIT 1	UNIT 2	UNIT 3	UNIT 4	UNIT 5	UNIT 6
Unit Title	**Mathematical Mindsets**	**Counting**	**Geometry, Measurement, and Data**	**Addition and Subtraction within 10**	**Place Value Foundations**	**Math in Action**
Core Content	Develop identities as mathematicians and mathematical mindsets	Number names and the count sequence Counting and cardinality Compare quantities	Identify, describe, and compose shapes Distinguish between 2D and 3D shapes Compare quantities and measurable attributes	Understand addition and subtraction Represent and solve addition and subtraction word problems Decompose numbers less than or equal to 10 Identify numbers that make 10	Compose and decompose numbers 11-19 Write and represent numbers 11-20	Gather and organize data Build fluency Prepare for Grade 1
Context and Project	Developing Our Learning Community	Our Classroom Community at the Carnival*	Farms in Our Community*	Our Little Library	Scientists Who Study the Past*	Math in Our Lives, Math in Our Community*

GRADE: KINDERGARDEN

Mathematics Scope and Sequence
